WORKING EXPERIENCE:

Allshore Global Resources

Dates: December 2013 - Present

Job Title: PHP Developer

Desert Rangers Travel & Tourism, Dubai, UAE

Dates: May 2012 – August 2013

Job Title: Web Designer/Developer, SEO Expert

I joined this company as a Web Designer/Developer and SEO Specialist. My main responsibilities were to design and develop the search engine friendly websites that covered all the Google policy guidelines. One of the main business sources for the company was SEM, so the goal was to design websites that convert more visitors into clients. Also, I performed graphic designing, including ads, in popular magazines, brochures, leaflets, flash presentations, etc. The tools I used during this tenure were PHP/MySQL, Adobe Dreamweaver, Adobe Photoshop CS 6, Adobe Illustrator CS 6 and Flash.

Ire-s, Islamabad, Pakistan

Dates: April 2008 – April 2012

Job Title: Team Lead

I joined this company as a Senior Web Developer. Later on, I was given the responsibilities of team lead from 2009 to 2010. I worked as a project manager, where I had the responsibility of making project completion within a time line possible. I was also responsible for monitoring business development, where I worked on proposals for projects with the business development manager.

Pakcyber (Software House) & Online news Agency, Rawalpindi, Pakistan

Dates: February 2005 - April 2008

Job Title: Web Designer/Developer & Webmaster of News Portal

I worked in a software house that is also an online news agency with a news portal. I worked as the webmaster and was responsible for management of this news portal. I also designed Websites using Adobe Photoshop CS and Macromedia Flash, and I completed development of Interactive CDs and Portfolios. I also developed the Interactive CD of Bahria University in Islamabad, using Macromedia Flash MX. I did development using PHP/MySQL tools with smarty technology.

Institute Of Information Technology & Management, Rawalpindi, Pakistan

Dates: May 2003 - October 2004

Job Title: Assistant Network Administrator

I worked in the lab for six months as the Assistant Network Administrator, and I was responsible for handling two labs with more than 50 clients and two servers. I was responsible for handling all hardware and software installation and troubleshooting.

Qatar Charitable Society (NGO in special consultative status with Economic and Social Council of the United Nations), Rawalpindi, Pakistan

Dates: September 2001 - July 2002

Job Title: Lab Administrator & Instructor

I worked in the Qatar based NGO as an instructor. I taught office automation with the subjects including fundamentals of computers, MS-DOS, MS Word, MS Excel, MS PowerPoint, Inpage and CorelDraw. I was also responsible for handling the troubleshooting of the systems and handling the hardware and software installation and troubleshooting.

College Of Information Technology, Rawalpindi, Pakistan

Dates: June 2000 - August 2001

Job Title: Lab Assistant & Instructor

I worked as a lab assistant in the college of information technology. This is an approved study center of Allam Iqbal Open University and the authorized testing center of VUE (Virtual University Enterprises). I was

responsible for handling the lab with more than 30 clients. I was responsible for dealing with hardware and software troubleshooting. I worked as an instructor for a computer literacy project in the F.G Cantt Public School in Rawalpindi. I also taught office automation to the classes of DIT (Diploma in Information Technology), and I taught office automation to the computer literacy program of Comsats.
